Description :

Prsentation de l'diteurThis book is a crash course in effective reasoning, meant to catapult you into a world where you start to see things how they really are, not how you think they are. The focus of this book is on logical fallacies, which loosely defined, are simply errors in reasoning. With the reading of each page, you can make significant improvements in the way you reason and make decisions.Logically Fallacious is one of the most comprehensive collections of logical fallacies with all original examples and easy to understand

descriptions, perfect for educators, debaters, or anyone who wants to improve his or her reasoning skills."Expose an irrational belief, keep a person rational for a day. Expose irrational thinking, keep a person rational for a lifetime." - Bo BennettThis 2017 Edition includes dozens of more logical fallacies, over a hundred cognitive biases, practice lessons, and some common questions and answers.Prresentation de l'diteurThis book is a crash course in effective reasoning, meant to catapult you into a world where you start to see things how they really are, not how you think they are.
