Description :

Prsentation de l'diteurScratchJr is a free, introductory computer programming language that runs on iPads, Android tablets, tablets, and Chromebooks. Inspired by Scratch, the wildly popular programming language used by millions of children worldwide, ScratchJr helps even younger kids create their own playful animations, interactive stories, and dynamic games.The Official ScratchJr Book is the perfect companion to this free app and makes coding easy and fun for all. Kids learn to program by connecting blocks of code to make characters move, jump, dance, and sing.Each chapter includes several activities that build on one another, culminating in a fun final project. These hands-on activities help kids develop computational-thinking, problem-solving, and design skills. In each activity, youll find:Step-by-step, easy-to-follow directionsWays to connect the activity with literacy and math conceptsTips for grown-ups and teachersCreative challenges to take the learning furtherBy the end of the book, kids will be ready for all sorts

of new programming adventures!The ScratchJr app now supports English, Spanish, Catalan, Dutch, French, Italian, and Thai.Presentation de l'diteurScratchJr is a free, introductory computer programming language that runs on iPads, Android tablets, tablets, and Chromebooks. She heads the Developmental Technologies Research group where she studies innovative ways to promote positive childhood development through new learning technologies. She is also the creator of KIBO, a robotics platform for children 4 to 7, which allows young builders to learn programming and engineering skills without screens.Mitchel Resnick is the creator of Scratch, the wildly popular programming language used in thousands of schools and homes worldwide, with nearly 4 million users. He directs the Lifelong Kindergarten group at the MIT Media Lab and was awarded the McGraw Prize in Education in 2011 for his creative learning technologies.
