Description :

Prsentation de l'diteurReiki tradition dictates that you must be initiated-or attuned-by a Reiki master before properly practicing this healing art of energy flow. Now, in this revolutionary guide, Reiki Master Brett Bevell breaks with convention and extends the transformative powers of Reiki to all by presenting at-home rituals for self-attunement. In the true healing spirit of Reiki, Bevell encourages creativity and experimentation with the practice, allowing you to personalize Reiki for everyday use. With twenty-one symbols to empower the flow of Reiki, as well as chants for attuning candles, stones, and even the water in your bath or washing machine, this is Reiki as you've never seen it before: available to everyone, for use in all aspects of life, as Reiki was always meant to be.From the Trade Paperback edition.Revue de presse"As a spiritual healer and a devoted Reiki lover I feel I have been waiting for this book my whole life. When I

opened it and started seeing the extended symbols, and was able to see the different suggested exercises, I felt totally at home. The author has written a book that I believe to be divinely channeled and a must for this world and the people in it. Reiki is a wonderful energy that I feel belongs to all of us and I got pretty sad when I saw the rules and limitations that have been put on it over the years. I enjoyed the gentle loving flow of the great mentor and I was completely taken with the idea of attuning crystals, candles and other neat stuff. I would recommend this awesome teacher to anyone who has ever been drawn to Reiki I believe it holds a lot of the answers we have all been seeking and it has definitely made its way to my spiritual toolbox. Thanks so much Brett, for helping to return our birthright to us."-Riki Frahmann
