### Description :

Prsentation de l'diteurOur bodies need from two to four quarts of water each day to maintain good health. This book will show you how to protect yourself and your family from deadly bacteria, viruses, chemicals, and other pollutants that are present in a large percentage of public water supplies. Dr. Walker's treatment of water pollution is revealing, comprehensive, and scientific. His findings and his recommendations for corrective action offer new hope.Prsentation de l'diteurOur bodies need from two to four quarts of water each day to maintain good health.
